Skills

OS
Linux, Windows

LANGUAGES
PROFICIENT:
C, Java, Python
FAMILIER:
HTML, CSS, Javascript

LIBRARIES/FRAMEWORKS
Bootstrap, jQuery
React.js, Node.js, Express.js

DATABASES
MySQL, MongoDB

OTHERS
Git, Intellij
Vscode, Postman

Coursework

Data Structures
Algorithms
Competative Programming
Oops
DBMS
Operating System

Education

2020-2024
B.TECH. IN CSE
Gla University, Mathura
CPI : 7.4/10 (Till 5th sem)

2018-2019
INTERMEDIATE
Happy model school, Varanasi
Percentage: 75%

2016-2017
HIGH SCHOOL
Mukularanyam english school, Varanasi
CGPA: 8.6/10

Experience

RecruitNxt -Front end developer intern   **Aug 2022 - Feb 2023**
* My primary responsibilities during the internship is to design and develop smooth and responsive web pages and components.
* writing unit tests and component tests, bug fixing and improving application performance.

Nitin Singh -Founder|Teacher|Youtube Channel   **Dec 2021- present**
* Taught data structures and algorithms
* Taught over 100+ people in live classes for FREE.
* Generated a community of over 750+ subscribers on youtube within 1 month

TEN -Scrum master associate intern   **May 2021- Oct 2021**
* Worked with Ten, as a scrum master associate.
* where my prime work was, to built a coordination with my team members on a particular project based on "Agile Methodology".

Achievements/Awards

Smart India Hackathon   **Finalist**
* Developed an online attendence system for Government aided schools, in which a teacher can only take attendence when he/she will be in 20 metre radius from school.
* This method will decrease the amount of false attendence and government will have a fix data of students who are coming to school.

Competative Programming
* 5 star coder in java on Hackerrank
* 2 star coder on codechef with highest rating 1447
* Codeforces with highest rating 834
* 400+ qs solved on leetcode and Codechef
* 1600+ contributions on Github

Projects

2023- JAN **"Distraction free youtube player"**   **ReactJS,Axios,youtube API**
Created a Distraction free youtube player which will allow you to stream without getting troubled with ads.

*Web link:// **Youtube-Player**

2023- DEC **"Glau Campus Drives"**   **HTML5,CSS3,EJS,Mysql**
Created a "Glau Ondrives" website where anyone can get the information about the previous on-campus drives and the number of offers and intake that was given by the company.
The user can filter the data according to the name and year of the campus drives. The Data will be displayed in the form of pictures and graphs.
